Summary: What if Mavis had a sister well lets find out.

### The other Vermillion

**\*\*100 years ago\*\***- "Onee-san your leaving again" said a young Mavis has she stood on the port of Tenrou island. "Mavis you know I have to leave the island to make money said a woman with long bleach blonde hair and green eyes she wore a red corset showing her ample cleavage and some black jeans she also wore a white cloak over her cloths and some boots.

"See ya Mavis! I'll be back! or my name isn't Itami Vermillion!" the girl shouted to the stars. "Bye bye! Ami-San!" shouted Mavis has she waved her sister off.

>"Looks like big sister isn't here to protect you anymore" said a group of kids around Mavis's age.<p>

"Guess not" said Mavis with a slight grin.

**\*\*With Itami...\*\***

>"Don't worry Mavis I promise I'll be back for you" said Itami has her body shattered into hundreds of white butterflies and flew off.<p>

**\*\*10 years later...\*\***

>"Mavis! guys I'm back!" shouted Itami has she pulled her boat onto the sands of Tenrou. " "I'm sure I sent a message telling them I was returning so where the hell is everyone!" shouted Itami has she walked deeper into the island.<p>

What she found shocked her, the entire guild and village had been wiped out not a single soul in sight. No! no! no! Master!, Zera!, Ma-Mavis! cried Itami has she frantically searched for any signs of any remains.

"Why, Why must the world be so cruel!" shouted Itami as black liquid began to leak from her body and dissolve the ground. Why! Itami shouted as she punched the ground as hard as she could her hand turning a shiny black color giving her a boost in strength.

"I shouldn't have left or I should've taken Mavis with me at least" said Itami as she sat on a rock to calm herself down. "I spent five years with that wizard learning dark magic I learnt so much dark magic in fact it turned my once White magic Butterfly Effect Magic into Dark Magic" said Itami as black butterflies appeared in the palm of her hand and started to eat a nearby rock.

"I guess I better be going" said Itami as she made a grave for Mavis and then turned into a swarm of black butterflies leaving the island.

**\*\*7 years later\*\*...**

>Itami was sitting in a forest eating an apple finishing it off by popping the core into her mouth. "You're not supposed to eat the core ya know".<p>

"What the fuck do you want Zeref" asked Itami "I have bad news" said Zeref. "What!? and don't tell me what to eat I eat whatever I want to eat besides that core thing is just a rumor spread by parents who were afraid of their children choking on a seed" said Itami.

"It's about your sister Mavis" said Zeref catching Itami's attention. "What! tell me what do you know!" shouted Itami as she jumped out of the tree and grabbed Zeref by the collar.

"She's gone" said Zeref with a solemn expression upon his face. "What do you mean she's gone?" asked Itami as she punched Zeref in the face sending him flying into a tree.

"Something happened and I kissed her I don't know why I did it but I did and she went into a state of limbo neither dead nor alive" said Zeref. "You were supposed to be protecting her! not making out!" shouted Itami.

"Please forgive me" said Zeref as he left. "Next time we meet Zeref! I'll kill you!" shouted Itami. "Sorry Itami! but you're not the one destined to kill me!" Zeref shouted back. "What the hell am I supposed to do now Itami" asked herself.

**\*\*Present\*\***- Fairy Tail was currently celebrating not only defeating the Spriggan twelve but they also managed to drive Acnologia away and Mavis managed to convince Zeref to leave them alone.

Well everyone but Mavis was celebrating she was still thinking about what Zeref told her right before he left".

**\*\*Flashback\*\***

>Zeref please give up you can't win this not anymore" said Mavis. "Alright Mavis I'll concede but let me tell you that your sister still lives" said Zeref as he walked away.<p>

"Ami-san is alive?" Mavis said so low not even the dragonslayers could hear it.

\*\*\*FLASHBACK OVER!\*\*\*

"What's got you thinking so hard master Mavis" asked Mirajane has she bought Mavis a cup of tea. "I just can't believe she's really alive" said Mavis.

"Your one to talk" said a womans voice has the guild doors where pushed open. Mavis turned towards the door her eyes full of wonder and joy. "Ami is that you" asked Mavis has she ran towards the woman walking into the guild.

"Hey little sis ya miss me" asked Itami has she ruffled Mavis's hair. "Wait a minute Zeref that little shit lied to me" said Itami with a pissed off expression. "What do you mean" asked Mavis.

"He told me that only members of your guild could see you but here you are clear has day standing in front of me" said Itami. "That's cause I got my real body back" said Mavis with a smile.

"So your Mavis older sister" asked Mira has she greeted the woman. "Yep oh thank you guys for taking care of Mavis for me I know she can be a handful" said Itami has she bowed towards them.

"No problem" said the resident pink haired dragon slayer has he walked towards them is signature grin plastered upon his face. "Oh hello whats your name" asked Itami.

"Natsu Dragneel" said Natsu with a grin. "Wait Dragneel is Zeref your brother" asked Itami. "Apparently just found out myself not to long ago" said Natsu has he scratched the back of his head.

"So just to be clear Zeref is in fact your older brother" said Itami. "Yeah" said Natsu.

Itami suddenly did what nobody expected she pulled Natsu into a deep kiss.

"A-A-Ami-san w-wa-wh-wha-wha-what was that" said Mavis.

"That was my revenge! Zeref you bastard wanna kiss my siblings how do you like it!" shouted Itami. "Oh my Mira" said with a smile."

"That was unexpected" said Lucy. "indeed it was" said Erza.

"Well sis can I join your guild or not" asked Itami.

"Welcome to Fairy tail said Mavis with a smile.
